The Dr. Jack Rizman Memorial Fund of Congregation Beth Judea was established by his family and many friends following his passing in January 1996. Jack was a founding member of Congregation Beth Judea, a dynamic member of its Men's Club, Ritual Committee and board of Directors. He was also a steady force within the synagogue choir and was devoted to the Jewish music with which he was raised. He was loved and respected by all for his strong work ethic, his terrific sense of humor, his good nature and positive outlook on life. Over the years, the Dr. Jack Rizman Memorial Fund has underwritten a series of wonderful concerts, open to the entire community. The Golf Outing was started to support this fund and its efforts.
